

Technical specification. FQ07-06.

Bitter orange essential oil

Code: AE-050 CAS: 68916-04-01 FEMA 2823

Description. This is the cold pressed oil obtained by expression from the peel of fresh Bitter oranges (*Citrus aurantium L.*). This oil maintains the full and well-balanced flavor and odor notes from fresh bitter oranges. Food grade product.

Appearance. Crystal liquid pale yellow to brownish yellow

Taste and odor. Conforms to an approved standard when tasted at 0.01% in tasting syrup.

Physical constants.

Specific gravity (20°C)	0.840 to 0.860
Refractive index (20°C)	1.4720 to 1.4780
Optical rotation (20°C)	+88.0° to +99.0°

Chemical constants.

Total aldehydes as decanal	0.25% to 1.4%
----------------------------	---------------

Gas chromatography analysis. Conform to an approved standard.

Legal status. 100% natural. Derived entirely from the named source.

Packaging. Epoxy lined steel drum.

Shelf life. At least 18 months from manufacture date if kept in full, originally sealed containers (room temperature), dark place.

This technical specification is generated by electronic media and is valid without signature.
Edition: January 2022.

GUARANTEE LETTER

To whom it may concern:

The company Frutech International Corporation de México, S.A. de C.V., ensures that each batch or shipment of Bitter Orange essential oil, code AE-050, comply with the following:

1. It is a 100% product from fruit, therefore contain no animal derivates.
2. Our products are obtained from fruit wich passed strict controls on the use of pesticides, therefore, the content of these substances is low or zero.
3. Have not been adulterated and are free from foreign matter.
4. Meet the sanitary laws and corresponding Mexican Official Norms.
5. The products are safe for humans.
6. Facilities and manufacturing processes of our products comply with the Mexican Official Norm NOM-251-SSA1-2009 "Goods and services, hygiene and sanitation practices for food processing, soft and alcoholic drinks".
7. Our products are permitted for its use as ingredients and / or additives by the national laws on food, they are also allowed under FDA regulations of the E.E.U.U.
8. Our products are NOT genetically modified or are not derived from any genetically modified organism as defined in 1830/2003/EC on labeling and traceability and 1829 / 2003/EC on Genetically modified foods and any other concerning legislation.
9. These materials do not appear in lists that include them as products that may cause allergic, sensitive or incompatibility reactions.
10. These materials are free of heavy metals (lead, arsenic, mercury, cadmiun, selenium, copper) wich could interfere with product quality.

Our company is committed to customer satisfaction and to comply with all relevant regulations, inhealth issues as well as environmental and safety and food safety

Precautionary statement(s)

	P210	Keep away from heat/sparks/open flames/hot surfaces. - No smoking.
	P233	Keep container tightly closed.
	P240	Ground/bond container and receiving equipment.
	P241	Use explosion-proof electrical/ ventilating / lighting/ equipment.
	P242	Use only non-sparking tools.
	P243	Take precautionary measures against static discharge.
	P264	Wash skin thoroughly after handling.
	P280	Wear protective gloves/ protective clothing/ eye protection/ face protection.
Rinse	P303 + P361 + P353	IF ON SKIN (or air): Remove/ Take off immediately all contaminated clothing. Rinse skin with water/ shower.
	P321	Specific treatment (see supplemental first aid instructions on this label).
	P332 + P313	If skin irritation occurs: Get medical advice/ attention.
	P362	Take off contaminated clothing and wash before reuse.
	P370 + P378	In case of fire: Use dry sand, dry chemical or alcohol-resistant foam for extinction.
	P403 + P235	Store in a well-ventilated place. Keep cool.
	P501	Dispose of contents/ container to an approved waste disposal plant.

2.3 Hazards not otherwise classified (HNOC) or not covered by GHS - none

3 COMPOSITION/INFORMATION ON INGREDIENTS.

3.1 Substances.

Product description	Bitter Orange Essential Oil
CAS-No	68916-04-1

Hazard Components

Component	Classification	Concentration
Bitter Orange Essential Oil	Flammable liquid 3; skin irrit. 2; H226, H315.	100%

4 FIRST AID MEASURES.

GENERAL ADVICE

Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.

INHALATION:

In the event of excessive inhalation, remove affected individual to fresh air and keep at rest. Obtain immediate medical advice.

SKIN CONTACT:

In the event of accidental contact with the skin, remove any contaminated clothing or shoes. Wash affected areas with large amounts of water (or soap and water). If irritation persists or any tissue damage is apparent, obtain medical advice.

EYE CONTACT:

Remove any contact lenses, irrigate affected eyes with water or saline solution for at least ten minutes. Obtain medical advice immediately.

INGESTION:

In case of accidental ingestion, do not induce vomiting, obtain medical advice immediately.

NOTES TO PHYSICIAN: Symptoms of poisoning may even occur after several hours: therefore medical observation for at least 48 hours after the accident

Emergency telephone: +52 (81) 8326 · 1168. USA: 01800 · 424 · 9300. INTL CALL COLLECT: +1 (202) 483 · 7616

Bitter Orange Essential Oil. AE-050

5 FIRE FIGHTING MEASURES.

SUITABLE EXTINGUISHING MEDIA:

CO₂, foam or dry powder.

UNSUITABLE EXTINGUISHING MEDIA:

Use large quantities (flooding) of water applied as a mist or spray; solid streams may be ineffective.

SPECIAL EXPOSURE HAZARDS IN FIRE:

Sealed containers may build up pressure and release combustible materials to the FIRE. Cool containers with water if exposed to fire. Hazardous decomposition products; burning may generate CO, CO₂ and other unidentified hazardous organic compounds. Avoid inhaling fumes evolved in a fire.

PROTECTIVE EQUIPMENT FOR FIRE-FIGHTERS:

Use normal fire-fighters equipment. Wear self-contained breathing apparatus if necessary.

FURTHER INFORMATION

Explosion data	Sensitivity of mechanical impact	None
	Sensitivity to static discharge	Yes

6 ACCIDENTAL RELEASE MEASURES.

PERSONAL PROTECTION:

Use personal protective equipment. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Remove all Sources of ignition. Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas. For personal protection see section 8.

ENVIRONMENTAL PRECAUTIONS:

Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

METHODS FOR CLEANING:

Contain liquid spillage with inert powder, granular absorbent or earth/sand and remove to a disposal container according to local regulations.

REFERENCE TO OTHER SECTIONS

For personal protection see section 8, for disposal see section 13.

7 HANDLING AND STORAGE.

HANDLING:

Treat containers with respect to avoid damage.

Allow adequate ventilation in use.

Sep air contact to a minimum.

Protect from fire. Keep away from heat, sparks and flames.

Do not ingest undiluted material.

Do not eat, drink or smoke

To avoid ignition of vapors by static electricity discharge, all metal parts of the equipment must be grounded

STORAGE:

Store in full, sealed containers in a cool, dry dark place.

Avoid extremes of temperature. Do not freeze.

Store separately from oxidizing agents.

Emergency telephone: +52 (81) 8326 · 1168. USA: 01800 · 424 · 9300. INTL CALL COLLECT: +1 (202) 483 · 7616

SDS. SAFETY DATA SHEET. FO08-07.

Bitter Orange Essential Oil. AE-050

8 EXPOSURE CONTROL / PERSONAL PROTECTION.

ENGINEERING CONTROLS:

Minimize release of product to workplace atmosphere. Local exhaust ventilation is recommended. When processing above the flashpoint temperature, the vapor is explosive when mixed with air. Such temperatures should be avoided. Avoid static discharge and all ignition sources. Used closed equipment, adequate ventilation and explosion proof electrical equipment.

Showers, eye wash stations, ventilation systems.

PERSONAL PROTECTION:

Eye / face protection

Face shield and safety glasses use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU).

SKIN PROTECTION

Handle with gloves.

RESPIRATORY PROTECTION

If exposure limits are exceeded for irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations.

HYGIEN MEASURES

When using, do not eat, drink or smoke. Provide regular cleaning of equipment, work are and clothing.

Remove and wash contaminated clothing before re-use.

ENVIRONMENTAL EXPOSURE CONTROLS

Prevent entry into drains, ground/surface water or sewerage system.

9 PHYSICAL AND CHEMICAL PROPERTIES.

1 Appearance:	Crystal liquid/ pale yellow to amber.
2 Odor:	Characteristic, Citrus- orange.
3 Odor threshold:	No data available.
4 pH:	No data available.
5 Melting point / freezing point:	No data available.
6 Initial Boiling point and boiling range:	
7 Flash point:	46°C (closed cup)
8 Evaporation rate:	No data available.
9 Flammability (solid, gas):	No data available.
10 Upper / lower flammability or explosive limits	No data available.
11 Vapor pressure:	No data available.
12 Vapor density:	No data available.
13 Relative density:	0.840-0.860 g/cm ³ at 25°C (77 °F)
14 Solubility (ies):	Water: No Oil: Yes
15 Partition coefficient: n-octanol / water:	No data available.
16 Auto ignition temperature:	No data available.
17 Decomposition temperature:	No data available.
18 Viscosity:	No data available.

Other data:

10 STABILITY AND REACTIVITY.

10.1 Reactivity:	No data available.
10.2 Chemical stability:	Stable under recommended storage conditons.
10.3 Possibility of hazardous reactions:	No data available.
10.4 Conditions to avoid:	Heat, flames and sparks.
10.5 Incompatible materials:	Oxidizing agents.
10.6 Hazardous decomposition products:	No dangerous decomposition products expected by intended use.
	In the event of fire, see section 5.

11 TOXICOLOGICAL INFORMATION.

Information on toxicological effects

Acute toxicity

LD50 oral - Rat - > 5,000 mg/kg

Inhalation: No data available.

LD50 Dermal - Rabbit -> 10,000 mg/kg

Skin corrosion / irritation.

Skin - Rabbit.

Result: Moderate skin irritation - 24 h.

Serious eye damage/eye irritation.

No data available.

Respiratory or skin sensitisation.

No data available.

Germ cell mutagenicity

No data available

Carcinogenicity

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

NTP: No component of this product present at level greater than or equal to 0.1% is identified as a know or anticipated carcinogen by NTP.

OSHA: No component of this product present at level greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

Reproductive toxicity

No data available.

Specific target organ toxicity - single exposure

No data available.

Specific target organ toxicity - repeated exposure

No data available.

Aspiration hazard

No data available.

Specific target organ toxicity - repeated exposure

No data available.

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

12 ECOLOGICAL INFORMATION.

This product contains a chemical which is listed as a marine pollutant according to DOT.

Ecotoxicity

Chemical name	Toxicity to algae	Toxicity to fish	Toxicity to daphnia and other aquatic invertebrates
Bitter Orange Essential Oil	Very toxic to aquatic organism	Very toxic to aquatic organism	No data available

Persistence and degradability.

No data available.

Bioaccumulation.

No data available.

Mobility in soil.

No data available.

Results of PBT and vPvB assessment

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

Other adverse effects

No data available

13 DISPOSAL CONSIDERATIONS.

There should be no product residues.

Contaminated packaging can be burnt, or washed and recycled.

Avoid disposal into drainage/sewerage systems or directly into the soil or aquatic environment.

Dispose of according to national / local regulations. .
